

A message from Miss Woodward

The children have been working incredibly hard across school this week and are really enjoying their topic “Lights, Camera, Action.” Please remember to look on our school twitter or Facebook page to see photographs of the children’s learning.

Next week we will be sharing with you information regarding transition, and informing you of your child’s new teacher.

Take care, Miss Woodward

Attendance Matters

Provisional Sports Days

We are currently planning for our annual sports day to take place the last week of the school year over a number of days. We will be following government guidelines and producing a rigorous risk assessment to ensure all children and families can stay safe.

Sports Day will take place in their own **class bubble** on the school field and a cap on spectators will be put in place. **Only 1 parent per child** will be able to attend.

All adults will be socially distanced from each other and away from the class bubble. There will be no seating or use of toilets. You will be asked to stand in a designated space.

The Sports Day Risk Assessment will be shared with you next week and the rules which we will ask you to follow. Our priority, as always, will be ensuring the safety and wellbeing of the children and the school community during this event.

Holiday Activities Food Programme 2021

A newly launched film featuring Marcus Rashford MBE calls on parents to sign up their children to the Holiday Activities and Food Programme (HAF).

The HAF Programme supports children and families in the school holidays. Outside of term-time, the Programme provides healthy food and enriching activities to free school meal eligible children in every local authority in England.
