

A message from Mrs Robinson

Dear families

We'd like to extend a massive thank you to all the families who have already signed up for our new Arbor system. We've been so impressed with how smoothly things have gone in this first week, and we're really happy with the update. If anyone needs support downloading the app, please don't hesitate to come into the office. Our admin team is more than happy to help you get set up.

This week, we've been reminding the children about a valuable strategy we use in school called "Fix It Five." This approach empowers children to peacefully and independently resolve conflicts in the playground. It's a fantastic tool that can also be really useful at home or when your children are playing in the community. At school, we believe in supporting our students to develop strong social and emotional skills. If you ever need support at home with helping your child demonstrate positive behavior, please contact your child's class teacher. We can provide guidance and support our wellbeing team Mr Smart and Mrs Suttle. We're always here to work together with you to ensure your child thrives both at school and at home.

Have a lovely weekend

Mrs Robinson
